**Subject:** RM 10.9 Removal Action - JCMUA Waterline Offsets  
[20130502154311538.pdf](#)

Stephanie:

The CPG received the attached letter from the Jersey City MUA (JCMUA) regarding their offset from the two water lines that are within the RM 10.9 Removal Area. The JCMUA has adjusted the offsets from 50 ft to 30 ft and is requiring the CPG and its contractors to conduct a survey to locate and mark the lines with buoys during the Removal Action. The revised Final Design will reflect the 30 ft offset established in JCMUA's May 2, 2013 letter.

Please contact us with any questions or comments.
